PROFESSIONAL EXPERIENCE

Visiting Lecturer (College Teaching Intern)

Nov 2024 - Present

Govt. Graduate College of Science Multan | Multan, Pakistan

Appointed by the Higher Education Department, Government of Punjab, as a Visiting Lecturer in Computer Science.

- Delivered Computer Science lectures at Intermediate (ICS) and bachelor's (BS) levels, covering Programming Fundamentals, Data Structures, Virtual Systems, Computer Architecture, problem-solving, and other core courses through lectures and practical lab work.
- Supervised computer labs and mentored students on academic projects and assignments.
- Supported administrative and office operations through documentation, reporting, and academic coordination.
- Designed and maintained the office IT network, enabling network printing, scanning, shared storage, multimedia, internet access, and collaboration tools while providing technical support to staff and faculty.

Software Developer (.NET Developer)

Nov 2021 - Oct 2022

3F Technologies (Pvt.) Ltd. | Multan, Pakistan

Contributed to multiple .NET projects in a collaborative software development environment.

- Designed, developed, and deployed .NET applications to meet client and industry requirements.
- Analysed existing software and implemented features that improved functionality and user experience.
- Diagnosed and resolved application issues to improve reliability and day-to-day performance.
- Worked with teammates and stakeholders to clarify requirements and deliver maintainable solutions.

Freelancer (Full-Stack & .NET Developer)

2019 - Present

Fiverr.com | Remote

Delivering tailored full-stack web, API, database, integration, .NET, and desktop software for an international client base.

- Delivered 250+ projects for 100+ clients worldwide while maintaining a 4.9/5 overall rating across freelance platforms.
- Built dependable solutions aligned with client workflows, technical requirements, user needs, and business goals.
- Owned delivery from discovery and technical planning through development, debugging, integration, handover, and ongoing support.
- Built and enhanced C#, ASP.NET, PHP, JavaScript, SQL Server, and MySQL applications, including REST and WooCommerce integrations.

EDUCATION

Master of Science in Computer Science (MSCS)

Virtual University of Pakistan | Lahore, Pakistan

Oct 2022 - Sep 2024

CGPA: 3.80 / 4.00

Master of Computer Science (MCS)
